Boring Isn't in Our *Palette!*

Since 1987, Sami Fine Jewelry has been a second generation, family-owned store bringing bold, original jewelry designs to life in Fountain Hills, Arizona. Today, owner Stephenie Bjorkman carries that vision forward with a simple idea: jewelry should fit the life you actually live.

This catalog showcases everything we love: our friends, our animals, our jewelry, and the western lifestyle!

Throughout these pages, you'll find a mix of Sami favorites, including pieces from Sami's American Gem Collection™, clearly marked throughout the catalog. Every AGC piece features a gemstone mined in America and is named, numbered, and completely one of a kind. With American mined gems representing less than 1% of gemstones sold worldwide, these pieces are truly rare.

What makes this catalog even more special is how it came together. Longtime friend and professional equine photographer Lyndsey Lammel captured the images at SJ Ranch in Arizona, while Whiskey Mare Mercantile brought the western style to life by dressing everyone in their clothing, hair was done by Livvey Hair Co. The people you see aren't professional models, they're friends, real horse people, and they genuinely live the lifestyle our jewelry is made for!

It's jewelry, horses, fashion, color, and real life, all wrapped into one very special project.

Colorful. Original. One of a kind. Just like you.
